03

A professional contractor will diagnose the problem.

04

Together, we'll assess the options and make a plan.

05

Problem solved. You're good to go. Completed work guaranteed for 30 days.

a. Service requests during normal business hours:
\$75 service fee

b. Service requests after-hours, on weekends and holidays:
\$150 service fee

CHOOSE YOUR OWN CONTRACTOR

We love supporting local contractors!

If you have a service professional you know and trust, call SilverBack to obtain [prior authorization](#).

Please provide the technician's name, company, and phone number. All contractors must be licensed and insured. Service work completed by an out-of-network contractor cannot be guaranteed.

FAQ

Q | What is a home warranty?

A home warranty is typically a one-year service contract designed to protect the family budget from unexpected, costly repairs on home systems and appliances.

Q | What is covered in the plans

We have several plans and options to choose from to best suit the home's specific requirements. Basic plans typically include coverage for: kitchen appliances, water heaters, plumbing, plumbing stoppages, electrical, AC and heating system. Optional covered items can range from pool/spa equipment, washer/dryer, kitchen refrigerator(s), well pump and more. Plans and optional covered items vary in geographic areas and are detailed in the SilverBack contract.

Q | What is a service call fee?

This is the fee paid at the time of the appointment. During regular business hours the service call fee is \$75. After-hours, weekends and holidays the service call fee is \$150.

Q | Who do I contact when a covered item fails?

Any time a covered item fails, contact SilverBack at silverbackhw.com or call 833-750-6400 to request service. We do not reimburse for services performed without approval.

Q | Is the service fee the only out of pocket expense when a covered item breaks?

Sometimes it is the only out of pocket expense on basic repairs. Costs could arise for the homeowner from modifications or code upgrades when a system or appliance is replaced. See contract for details.

Q | How does the Service Request process work?

Once SilverBack receives the request and coverage is confirmed, a local service technician will call the homeowner to arrange a mutually convenient day and time to go to the home and diagnose the failure.

Q | How quickly is service initiated?

Once coverage is confirmed, the contractor typically receives the service request dispatch within three hours during regular business hours. Normally, the services will be initiated by the technician within 48 hours after the request is made. Basic repairs are usually made on the first visit, however if additional parts are needed, they must be ordered and additional visit(s) may be needed to complete the repair or replacement.

Q | What is an emergency repair and how are these claims handled?

SilverBack considers an emergency when the failure of a covered item renders the home uninhabitable; in these circumstances, SilverBack will make all reasonable efforts to expedite emergency service.

Q | How is it determined if a failed item is covered or not?

In general, coverage is limited to failures caused by normal wear and tear and limited to the terms of the contract. For example, cosmetic defects are not covered. (See contract for further details)

Q | How are known pre-existing conditions determined versus unknown pre-existing conditions?

Unknown conditions are covered if, at the time coverage begins, the malfunction or defect is not known or could not have been reasonably observed by looking at or operating the system or appliance.

FAQ

Q | What is a home warranty?

A home warranty is typically a one-year service contract designed to protect the family budget from unexpected, costly repairs on home systems and appliances.

Q | What is covered in the plans

We have several plans and options to choose from to best suit the home's specific requirements. Basic plans typically include coverage for: kitchen appliances, water heaters, plumbing, plumbing stoppages, electrical, AC and heating system. Optional covered items can range from pool/spa equipment, washer/dryer, kitchen refrigerator(s), well pump and more. Plans and optional covered items vary in geographic areas and are detailed in the SilverBack contract.

Q | What is a service call fee?

This is the fee paid at the time of the appointment. During regular business hours the service call fee is \$75. After-hours, weekends and holidays the service call fee is \$150.

Q | Who do I contact when a covered item fails?

Any time a covered item fails, contact SilverBack at silverbackhw.com or call 833-750-6400 to request service. We do not reimburse for services performed without approval.

Q | Is the service fee the only out of pocket expense when a covered item breaks?

Sometimes it is the only out of pocket expense on basic repairs. Costs could arise for the homeowner from modifications or code upgrades when a system or appliance is replaced. See contract for details.

Q | How does the Service Request process work?

Once SilverBack receives the request and coverage is confirmed, a local service technician will call the homeowner to arrange a mutually convenient day and time to go to the home and diagnose the failure.

Q | How quickly is service initiated?

Once coverage is confirmed, the contractor typically receives the service request dispatch within three hours during regular business hours. Normally, the services will be initiated by the technician within 48 hours after the request is made. Basic repairs are usually made on the first visit, however if additional parts are needed, they must be ordered and additional visit(s) may be needed to complete the repair or replacement.

Q | What is an emergency repair and how are these claims handled?

SilverBack considers an emergency when the failure of a covered item renders the home uninhabitable; in these circumstances, SilverBack will make all reasonable efforts to expedite emergency service.

Q | How is it determined if a failed item is covered or not?

In general, coverage is limited to failures caused by normal wear and tear and limited to the terms of the contract. For example, cosmetic defects are not covered. (See contract for further details)

Q | How are known pre-existing conditions determined versus unknown pre-existing conditions?

Unknown conditions are covered if, at the time coverage begins, the malfunction or defect is not known or could not have been reasonably observed by looking at or operating the system or appliance.
